COMPACT 50-LITRE LITTER BINS

Strada & Dinova

Compact collection for streets and public transport stops.

Strada and Dinova are injection-moulded HDPE litter bins. Their lid geometry limits rainwater ingress, drainage openings direct moisture away and flexible mounting options suit narrow urban spaces.

50 L

CAPACITY

post / wall

MOUNTING

HDPE

UV-PROTECTED BODY

drainage

WEATHER PROTECTION

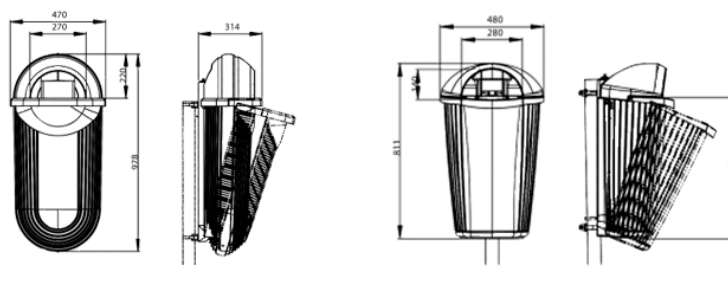

SUITABLE USE

- Pavements and public transport stops
- Narrow streets
- Entrances to schools and parks
